September 5, 2024

ORANGE, Calif., Sept. 05, 2024 (GLOBE NEWSWIRE) -- [Alignment Health](#), a consumer brand name of Alignment Healthcare, Inc. (NASDAQ: ALHC), has been recognized as one of Newsweek's World's Most Trustworthy Companies 2024. Presented in collaboration with Statista, the award serves to highlight the companies that are most trusted, measured across three main public pillars of trust: customer trust, investor trust and employee trust.

"To be recognized among some of the largest global companies is a distinct honor for Alignment Health and reflects our work every day to be the most trusted senior care brand," said John Kao, founder and CEO, Alignment Health. "As more seniors and their families choose us to take care of them, it's even more important we live up to this responsibility with trust at the core of our relationship with them."

The World's Most Trustworthy Companies 2024 were identified in an independent survey of more than 70,000 participants, resulting in 230,000 company evaluations. The participants rated companies they knew and that were headquartered in the respective country. For each company that received enough evaluations, a social listening analysis was conducted on several media segments of the internet and evaluated their mentions as either positive, neutral or negative. In total, over 995,000 mentions were gathered.

The 2024 ranking recognizes 1,000 companies across 23 industries and 20 countries. All stock-listed companies headquartered in one of the target countries with a revenue of more than US\$500 million were considered in the study.
