Expansion extends Alignment's Nevada presence to three counties, home to more than 554,000 Medicare beneficiaries

LAS VEGAS, Oct. 21, 2026 (GLOBE NEWSWIRE) -- Alignment Health Plan, an award-winning Medicare Advantage plan from Alignment Health, today announced it will expand into Nye County beginning Jan. 1, 2027, offering new Medicare Advantage plan options to local seniors. With the expansion, Alignment Health Plan will serve Clark, Nye and Washoe counties, which are home to more than 554,000 Medicare beneficiaries, according to the Centers for Medicare & Medicaid Services (CMS) data¹.

With the addition of Nye County, Alignment Health's 2027 Nevada portfolio features six Medicare Advantage plans across three counties supported by more than 6,500 physicians and access to premier provider partners. People with Medicare living in the service area can choose from a co-branded plan with Intermountain Health, plans with Instacart, a plan that helps reduce their Medicare Part B premium and specialized plans for people living with diabetes or heart conditions.

"Choosing the right Medicare coverage and getting the care you need shouldn't be a challenge," said Dawn Maroney, president of Alignment Health and CEO of Alignment Health Plan. "We're excited to expand into Nye County and serve more Nevada seniors with the kind of care and support that treats them as people, not policies. By connecting members to trusted local providers and personalized guidance, we can help them spend less time navigating the health care system and more time focusing on what matters most: staying healthy, independent and engaged in their communities."
