

## Alignment Healthcare Marks AAPI Heritage Month Highlighting Plan and Benefits Tailored to Community's Care Needs

May 28, 2021

ORANGE, Calif. , May 28, 2021 (GLOBE NEWSWIRE) -- Medicare Advantage company [Alignment Healthcare](#), Inc., is marking Asian American & Pacific Islander (AAPI) Heritage Month by highlighting one of its newest products – the Harmony (HMO) Plan. Introduced to the market this year, this Medicare Advantage plan enables members to take advantage of traditional Eastern medicine disciplines such as acupuncture and chiropractic services at no additional cost, without any authorization or referral. In its first year, already more than 1,800 members participate in the plan.

"Alignment has been successful in creating plans that serve a diverse audience of seniors across ethnicities, economic status and geographies nationwide. Our Harmony product is no different," said Dawn Maroney, markets president, Alignment Healthcare. "Harmony is specifically designed to empower our members to use traditional medical alternatives without worrying about the costs. We're thrilled with the response in the plan's first year and will continue to invest in plans and products that respond to the diverse needs of our growing member base."

The Harmony (HMO) Plan is currently offered in Santa Clara and San Diego counties in California due to their demographic diversity. The supplemental benefits allow members to visit network chiropractors for pain relief, neuromusculoskeletal disorders and nausea, among other things. The plan includes community network providers that provide culture-based alternative treatments as well as speak native languages making it easy for the members to access and leverage these benefits.

The Harmony (HMO) plan includes \$0 monthly plan premium, plan deductibles and primary and specialty care. It also includes a \$30 monthly spending allowance for over-the-counter items, 19 visits of routine acupuncture at no additional cost, non-emergency medical transportation, and a fitness membership as well as pet care services. Over and above these supplemental benefits, members can take advantage of popular Alignment Health Plan benefits such as 24/7 access to virtual care teams as well as the black ACCESS On-Demand Concierge card.
